

DCI/ICS 78-1164

May 11, 1978

MEMORANDUM FOR: Director of Central Intelligence

FROM:

  
Deputy to the DCI for Resource Management

SUBJECT: Defense Science Board Task Force on  
the National/Tactical Interface (U)

1. (U) Action Requested: None, for information only.

2. (C) Background: The fact finding phase of the Task Force effort ended last week with a visit to the Hampton Roads area (CINCLANT, TAC, TRADOC). The report writing phase has begun with a mid-June completion date. My staff will be involved in the preliminary review and compilation of the report and this should provide us with an early awareness of potential issues that might warrant your attention. Early warning of potential problems will also allow you the opportunity to engage the Task Force in additional discussion before the report is finalized.
